

# 200 V-Bay

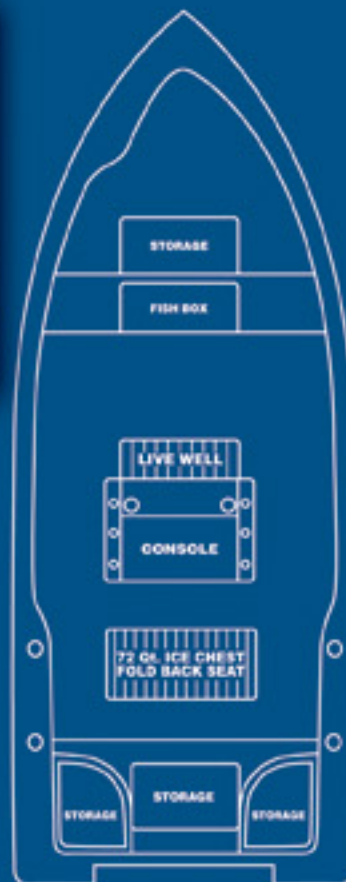

## 200 V-BAY SPECIFICATIONS

- 6 persons or 814 lbs.
- 1469 lbs. – persons, motor and gear
- 150 horsepower maximum
- Hull weight – Approx. 1175 lbs
- Length – 20'2"
- Beam – 89" (7'4")
- Draft – 12" (approx.)

The 200 V-Bay is built with the same uncompromising hand-laid process that is used in manufacturing every Blue Wave boat. The features on the 200 V-Bay include a large front casting deck that has storage as well as an insulated fish box, and a back casting deck with ample standing room. Combine that with every part, including the console, being glassed in during production and you get a boat of unsurpassed quality, features, and function.
